

WELCOME!

The purpose of today's meeting is to:

- Present design details on the second segment of West Broadway reconstruction
- Provide information on what you can expect during construction
- Answer questions and gather input

PROJECT GOALS

The West Broadway Reconstruction Project will preserve and enhance the economic vitality of Council Bluffs by transforming West Broadway into a more viable and aesthetically pleasing transportation corridor for businesses, residents and the traveling public.

Improvements to the corridor will include:

-  Drainage enhancements
-  Pavement and sidewalk removal and replacement
-  Modifications to aesthetic treatments

SEGMENT 2 LOCATION & DETOURS

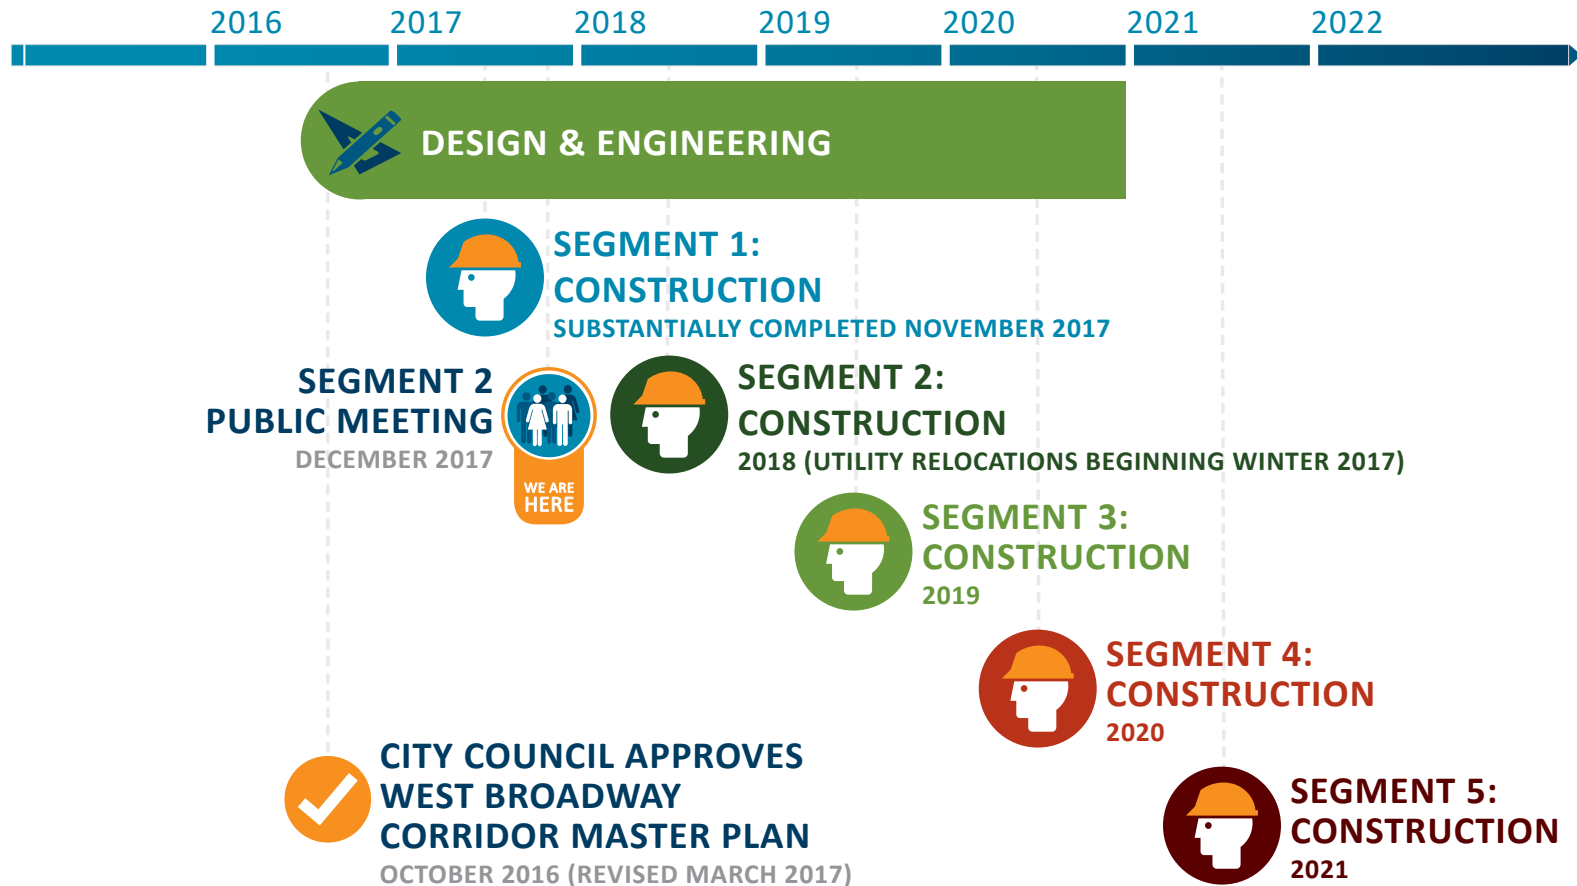

Map from Google Earth

Prior to the start of Segment 2 construction, Avenue A will be converted to a two-way street from 16th Street to 35th Street to allow for enhanced access during reconstruction. Existing parking will remain on both sides of Avenue A.

PROJECT SCHEDULE

*Dates are subject to change.
